## Kent & Essex Inshore Sea Fisheries & Conservation Authority

Investment Account Reconciliation (part of Box 8 in Section 2)
Working with the Chief Accountant at KCC in July 2022, it was discovered that since 2017/18, charges made
directly through KCC (mainly salaries and staff expenses) had not been recognised in the KEIFCA investment

directly through KCC (mainly salaries and staff expenses) had not been recognised in the KEIFCA investment account and had led to the creditor to KCC being overstated each year. An in-year correction was made, so this summary shows the movement in box 8 from 2021/22 to 2022/23 relating to the Investment Account part of the cash balances

Investment Account Balance 01/04/2022

Balance carried forward

4,430,294.10

1,207,164.55

2022-23

In year adjustments made in July and August 2022 to correct the Investment Account balan	nce:
--	------
